#### Open Letter

(Advertisement)

The following open letter from Ex Gov. Augustus E. Willson, Republican candidate for U. S. Senate, long term, is hereby published by request and at the expense of County Judge G. M. Ballard, who most respectfully but earnestly asks his friends throughout the county to come to the polls upon to-morrow and help to nominate the Ex Governor:

Louisville, Ky., July 27, 1914.  
My Dear Sir: The primary election will be held in Kentucky next Saturday August 1st. In every precinct the polls will be open from 6 a. m. to 4 p. m., to record the choice of those who wish to vote for candidates for party nominations for United States Senator, and the nominees thus selected will be voted for in the election next November.

I am a candidate for the Republican nomination for United States Senator for the full term, to succeed William O. Bradley. I ask and shall deeply appreciate, your support.

I am a Republican. I have fought the battles of the party for more than a generation. I am for the principles that brought it into being and kept it in control of the nation for more than forty years. I am for those principles as applied to the problems of today. I am for the revival of American industries now languishing under Democratic rule. I am for the employment of the armies of American workmen now in idleness because of Democratic legislation and politics. I am for Republican prosperity and against Democratic hard times. I am for a strong foreign policy, such as obtains under Republican control, and opposed to the weak, "watchful waiting" "mushy amiability" policy of the present national Democratic administration, which has made our government the jest of the world. I am against the infamous treaty proposed by the present administration, solely for the purpose of placing a stain on the good name of our government under the administration of Theodore Roosevelt, pleads guilty to robbery of Columbia, confesses a fine of \$25,000,000, and offers an abject apology for having done that which reason and honor required as to do.

I stand upon my record as a candidate. In 1907, as the Republican nominee for Governor, I carried the State by more than 18,000 votes, and the city of Louisville by 9,000. In that year I

went direct to the people and from the stump waged an aggressive campaign. The political conditions in Kentucky to day are much the same as those of 1907. What I did in 1907 I can again do in 1914.

I stand upon my record as Governor. I was for law and order. I made a just settlement of the Taylor, Powers, Finley, Howard and parson cases, and forever removed from our people a cause of strife and bitterness. I was for economy. By vetoing and fighting the reckless appropriations made or proposed by Democratic legislatures, I saved the taxpayers of Kentucky millions of dollars. Compare my administration with the Democratic administration which succeeded it, and then determine whether or not I am worthy of your support.

Because I loved the party more than I loved any man, I refused to take sides in the factional fight which divided and defeated the party in 1912. I have been able to retain the good will of both the Republicans and Progressives, and I believe that my nomination will reunite the party in Kentucky. I have been assured by Progressives in every section of the state that they will support me. The Republican party is coming back into power. There is not any doubt about it. Let's get together and hasten it.

Some have said that it would be difficult for me to win in the primary because the "machine" is against me. What say the people as to this? What say you? Have you been consulted by any of the "bosses" who met in midnight conferences in the Sellbach Hotel in Louisville and then announced that "it is all fixed," that "there is no chance for Willson," and that "he must not run." This is a primary election, not a convention; and the people, and not the "bosses" and subsidized newspapers, will control. I make my appeal direct to the people, and I know they will sustain me. The Democratic press is opposed to my candidacy, for they know what happened in 1907, when I was your nominee, and they are anxious to prevent my nomination now.

I am going to win this nomination and I want you to help me win it. I hope that you will go to the polls next Saturday and vote for me, and that you will have your friends and neighbors do likewise. With gratitude for anything you may do in my behalf, I beg to remain,

Sincerely yours,

AUGUSTUS E. WILLSON.

#### TO THE PEOPLE OF THE 28th JUDICIAL DISTRICT:

On the first Saturday in August of this year a general Primary Election will be held in every County in this District, as well as throughout the whole State; and in which Primary Election all parties will nominate candidates of their respective parties to be voted for at the following November Election. This will be the most important Primary Election held in this State since the new primary law was enacted. Candidates will be nominated in said Primary Election for the high offices of United States Senator, Judge of the Court of Appeals and Member of Congress from this District.

It is highly important that this, as well as all other elections, should be free from the corrupting influences of money and from bribery of every sort and I, therefore, call upon the members of all parties of this District to see to it that the coming Primary is conducted along proper lines and in strict conformity to the law.

For a number of years past it has been the practice of many politicians of all parties, I am told, to indulge in the use of money and whisky in elections in order to induce men to vote for their choice among the candidates in the Primary, or for their party at the general election. In other words it is reported they purchased votes on election day to control the election. Many good men in the past, no doubt, have engaged in this business without stopping to think of the enormity of the offense they were committing, or without realizing they were violating the law of the land.

I am issuing this statement, and having it published throughout this District, in advance of the Election, in an effort, if possible, to stop this unlawful traffic in human votes, and to warn those who expect to do this in the coming election, and all subsequent elections that if they resort to bribery, or the use of money or whisky, in an effort to influence voters in the Election, they will be punished—and to this end, I shall in the future ask the Grand Jurors to thoroughly investigate violations of the election laws and indict those shown to be guilty.

Very respectfully,

B. J. BETHURUM.

Judge 28th Judicial District.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. COMMITTEE ON  
EXPENDITURES IN THE DEPARTMENT OF LABOR

Washington D. C. 7-25-14.

Mr. James Maret,  
Mt. Vernon, Ky.

My dear Sir:—

I would be obliged if you would let me hear from you at the earliest possible moment in regard to the Old Wilderness Road project. (Boone Way.) I want to be thoroughly posted upon this subject so if there is anything I can do to assist my constituents I can be in a position to do so.

Sincerely yours,

J. N. CAMDEN.

Our secretary has furnished Senator Camden all data gathered up to this date. The Senator proposes to push the good work begun by Senator Bradley.

Kansas City, Mo. 7-23-14.

Mr. Jas. Maret,  
Mt. Vernon, Ky.

Dear Mr. Maret:

Your letter covering a map of the "Boone Way" received, for which I thank you sincerely.

Pardon me for expressing a regret that your Association should have adopted a different name of the Old Road. The "Wilderness Road" is a classic in road literature, and I think you made a mistake in departing from it. An other mistake, if you will still pardon me for criticising, is that to make it come within Old Hickory Jackson's definition of a National Road, it ought to have a connection at one end or the other, either with a system of National Highways, or with some road that is actually National in character.

Under separate cover, I am sending you some literature on maps which may or may not be of some advantage to you.

Hoping at some time or other to meet you and to know you better, I remain,

Very sincerely yours,

J. M. LOWE.

President National Old Trails Road Association.

This is the greatest set of road maps ever issued on the subject. They can be seen by calling at the office of Mr. Maret at Telephone exchange.

Gen. Bennett H. Young, speaking at Madisonville in behalf of his candidacy for the short term, said:

"It has been persistently and continuously charged, and I never denied, that Hon. Johnson N. Camden, now candidate for the United States Senate for the short term, refused to vote for William Jennings Bryan in 1896, 1900 and 1908, when Mr. Bryan was the Democratic standard bearer for the Presidency. Twenty days ago I publicly stated this and advised Mr. Camden that if he would deny the charge I would take fullest opportunity in every speech I made to right him in this regard. Nothing has come from him on the subject.

"Mr. Camden could not afford to vote for Mr. Bryan when three times nominated by his party for the Presidency, can the Democrats of Kentucky afford now to vote for Mr. Camden for the United States Senate?"

"It may be true that Mr. Camden in 1911 and 1912 paid to the campaign funds the fabulous sum of \$45,000, but can he, when refusing to support the party leaders, win the votes of Democrats by contributions to campaign expenses even though these be large enough to stagger belief?"

"As to what party Mr. Camden belonged before 1911 there is no record. He made no speeches, he helped in no canvasses. As far as the public knows he did nothing in advocacy of Democratic principles until 1911. Will two barbeques, where crowds can be fed at twenty-five cents a piece, and big campaign money make a Democrat suitable for United States Senator?"

To-morrow is the Primarv. Let Beckham for the full term and Camden for the short term be winners is the sincere desire of the SIGNAL.

THE Middleboro Three States says:

We published an article sent out last week by the Bri-tol Board of Trade, telling in detail what progress counties in Virginia and Tennessee were making in road building. It mentioned Booneway as one of the important connecting links between the Northwest and the Southwest. We have used a great deal of newspaper space in advocating this project and expect to use lots more.

We are proud to note that Judge Asher intends to call an election in December to vote bonds for the construction of Bell county's part in this important link, and then it will be up to Knox, Laurel and Rockcastle to build their part to complete the link. There is considerable enthusiasm in Rockcastle county for this road, but so far we have heard but little from Knox and Laurel. We presume, why Bell and Rockcastle are taking such active interest is that both of these counties border other counties having a system of good roads and know the worth of good roads and know enough to appreciate the comforts derived therefrom.

The W. I. Swain Show Company, Band and Orchestra which will exhibit at Mt. Vernon one week, commencing Monday Aug 3rd, is one of the oldest and best equipped tent show traveling in introducing the above company to our friends and patrons of Mt. Vernon, and vicinity, no expense spared in putting on this exceptional amusement enterprise. Special scenery, is carried for each play produced during the entire engagement. Our tent, seats, lighting system, in fact the entire outfit is entirely new and the best that money can buy. The big wind resisting tent "Kant Leek", and has seating capacity for a whole town. Throught the entire performance there is a wave of morality that is strictly refined and instructive. It sends one home after witnessing a performance with the feeling there is a lot of good in life and that we are really better for having seen a performance that will last when the price of admission has been forgotten. We have everything arranged for your convenience and amusement with prices, (Swain Prices Very Cheap) within reach of all and promise you an entertainment that will long be remembered. Tell your friends. Make up your parties, come out and spend a jolly night. Remember the date, one week commencing Monday August 3rd, Fair week.

The Brodhead Fair Ass'n has just made a contract with S. E. Thompson the Famous Aeronaut of Indianapolis, Ind., who no doubt takes more pleasure in riding the air than any man living today, he was at Brodhead a number of years ago, and on his last ascension went so high that his balloon drifted after his leap four miles away and was found by a hunter several days after the fair upon Brindle Ridge. Now this is not hot air, but was an actual occurrence of which many will recall, knowing his reputation was why he was engaged at a large cost. Lovers of this amusement will no doubt see the best ascension at Brodhead this year ever seen before one ascension each day, two one day in case he is kept from going up by rain.

We publish in this issue a clipping from the Tazewell Progress, showing the road improvement to be made in that county in the near future. They will touch the Bell county line in two places, building a road from near Bosworth to the head of Mingo.

Since we have been in Middleboro, we have heard road talk, road improvement for Bell county, and the boosting of Booneway, but so far no dirt has been moved. We have also had all kinds of road legislation for the last ten years, but so far it has had little effect on Bell county, and at present there is no visible movement for immediate future developments or road improvement, while all

the counties of adjoining States are spending thousands for road improvement.

If every citizen in Bell county could live awhile in a county with good roads and get a few of their benefits, they would not do without them, but not knowing and being used to bad roads they find it difficult to make up their mind to change.

Some may have the idea we can live as our forefathers did. We may do this, but it certainly leaves a bad impression on the civilized world. A few hours ride takes people living in this section of Bell county into a county making great headway in road improvement and we are doing absolutely nothing. Bell county has as much or more wealth than either of these counties and why her citizenship does not make some progress along this line we are at a loss to see.—Three States.

ed to give you the very best ser-  
vice during the Fair. Open early  
and late. The place for a quick,  
easy shave. Next door to Post  
office.

Rev. J. M. Price, Field Secreta-  
ry for the Eastern Kentucky Sun-  
day Schools, is with the Baptist  
church this week in the interest  
of the Sunday School. Services  
each evening at 7:30. He will be  
here over Sunday.

The Famous Wild West Show  
Co. has been contracted for by the  
Brodhead Fair. This company  
carries ten free attractions which  
will keep something doing every  
minute of the Fair. This is a  
very expensive attraction for a  
country fair and will no doubt be  
highly appreciated.

NOTICE TO SCHOOL TEACHERS:  
The Teachers Institute will be  
held on Sept. 21, in Mt. Vernon,  
with Prof. J. W. Ireland as in-  
structor. All persons holding cer-  
tificates in the county will be re-  
quired to attend said Institute.  
All teachers who have not sent  
their contracts into my office, will  
please do so at once, as I want  
them at once. Very resp.,  
W. A. B. DAVIS, Supt.

To the teacher in the rural  
school: Have your pupils prepare  
a map, composition or something  
for the school work exhibit at the  
Mt. Vernon Fair, Aug. 5, 6 and  
7. Your pupils have a chance to  
win. Any graded school pupil  
who has anything that will come  
under this list, bring it in next  
Wednesday morning.

The report that was circulated  
last week, that the Mt. Vernon  
quarry would close down, we are  
glad has been relieved by the an-  
nouncement from the President  
Mr. W. J. Sparks, that there is  
still work. Mr. Sparks, when  
asked by a Signal representative,  
whether the plant would close  
said: "Orders are still coming in  
and I see nothing now that indi-  
cates that we will not have plenty  
of work."

Every indication points that the  
big land deal of Franklin Allison  
for 150,000 acres in this county,  
Pulaski, Laurel and Jackson, will  
be a go. From one to five men  
have been working on the deal for  
two weeks, and Judge L. W. Be-  
tharum who is employed to draw  
the deeds and make abstracts, is  
busy preparing the necessary  
papers. Many new tracts have  
been added during the week, some  
selling outright, some only sell-  
ing the mineral right. On a deal  
of such proportion as the one  
under consideration there is room  
for many a slip, but it is very evi-  
dent there is very great interest  
on the part of outsiders who claim  
to represent financial interests  
amply able to handle the deal.

P. W. Ray, well known Ken-  
tucky horseman, from Bowling  
Green, will be at the Mt. Vernon  
Fair with a string of horses. Also  
I. B. James, of Harrodsburg, will  
be here with several of Kentucky's  
best.

Robert Nixon was from Wil-  
die Monday riding his fine saddle  
mare, which had by her side a colt  
six weeks old of the Bayline stock  
that high blood Kentucky stock.  
Mr. Nixon said he would be at the  
Mt. Vernon Fair with his colt and  
the man who got blue over him  
would have to show a mighty good  
colt.

Old Cull has violated the confi-  
dence of several of his warmest  
friends, and after this it will be a  
hard matter for him to get a drink  
of licker that is any account. He  
obtained a jug of Bat Smith's  
Moonlight Reel the other day  
under the pretense that he was  
going to use it in celebrating his  
annual birthday. But instead of  
that he took it home and put some  
asafoetida in it, and is using it for  
pneumonia medicine.

NOTICE:—All parties having

1914.

GEO. S. GRIFFIN,  
Master Commissioner R. C.

Mt. Vernon will sure have some  
big doings in the horse line this  
year. As there is no conflicting  
fair date with Mt. Vernon, here is  
where the horses and many other  
good things are coming and if you  
really want to see the best line-up  
of fine stock that has ever been  
shown in the county or that proba-  
bly will be for many years to  
come, be on hand at THE MT.  
VERNON FAIR next week.

It is hoped that people will make  
the Floral Hall at the Brodhead  
Fair a special feature this season,  
a bigger and better Hall is being  
made and every caution possible  
is being taken to take care of any  
ones exhibit. The association  
will be responsible for anything  
lost.

TOMORROW'S PRIMARY will  
show how Rockcastle voter's  
preferences and minds run politi-  
cally, personally or otherwise be-  
tween the three candidates for U.  
S. Senator. As to Governor Mc-  
Creary it is claimed by some that  
"he is for old" has held office  
long enough; that he promised  
not to ask for election to any  
other office if he was placed in  
Governor's chair. Be this as it  
may the "Sage of Madison" will  
get the vote of the writer (J. M.)  
and many of the older voters who  
know and appreciate the man not  
only for what he has done for Rock-  
castle and its people but for the  
State and Nation. These are not  
idle words. Jim McCreary never  
deserted a friend, and Rockcastle  
has cause and many reasons to  
remember this old war horse who  
never failed, while in Congress, to  
answer all letters received from  
the richest or poorest, nor did he  
stop at that. If there were claims  
of any kind for adjustment he  
went to work and usually got  
what he went after for his constituents,  
it mattered not what their politics were.  
Will our county forget?  
JAS. MARET.

When you want a shave or any-  
thing in our line, drop in next  
door to postoffice, Cox & Wheel-  
don the barbers.

The second day is Lincoln  
County Day at the Brodhead Fair.

Edgar Mullins was in London  
and Paris part of last week.

J. J. Smith and Wm. Hysinger  
of the Hiatt section claims they  
attended 18 Fairs at Brodhead with-  
out missing a single day any year  
and are now waiting for the begin-  
ning of the New Fair and hope to  
hold the same record 18 years and  
even longer at the new place. They  
are the kind of patrons a fair wants,  
always ready to pay their way in,  
show what good stock and farm  
products they have, and are not  
knockers but boosters. This is  
cashing no insinuations at anyone  
whatever. There are no doubt  
many that hold the same record  
if we knew who they were, and as  
to knockers the Brodhead fair has  
none in this section at least.

A ladies dressing room will be  
prepared with a large mirror etc.  
(Ladies to furnish the powder) a  
needed improvement over the  
accommodations of the old fair  
grounds at Brodhead.

GENTLEMEN:

shave, shampoo, or massage in
